

PROJECT CONTROLS SCHEDULING PROFESSIONAL

Requisition 434

About Critigen:

Critigen is a global leader in technology consulting and IT outsourcing. We leverage location data, business intelligence, and award-winning cloud computing to drive positive financial results and enterprise collaboration for public and private clients.

Critigen is a privately held global technology consultancy for critical infrastructure. Recently divested from CH2M HILL's 62-year, \$6.4 billion engineering business, we are now an independent company with deep domain expertise combined with the entrepreneurial ability to proactively apply technology-based approaches to modernizing every sector of the growing critical infrastructure market.

Critigen has extensive current and legacy knowledge deploying visually enabled Program Management solutions on some of the largest programs in the world. This is a great opportunity for the right individual to join and grow with the firm.

Position Opportunity:

Critigen has a Full-Time position available immediately for a Project Controls Professional with P6 Scheduling experience for a project assignment in Dallas, TX.
